Once activated, your Account is:

- › Able to hold multiple currencies.
- › Flexible – you can choose which Currency Wallets to load from the Supported Currencies and transfer currencies between those Currency Wallets when it suits you.

- › Reloadable – there is no limit on the number of times you may load funds.
- › Chip, PIN and signature enabled for security.

2.2 Eligibility for obtaining the Card

You are eligible to receive the Card provided you are a current resident of the United Arab Emirates and a minimum age of twenty-one years.

2.3 Loading funds onto your Account

The loading of funds on to your Account must be in accordance with the load limits outlined in the schedule in clause 5.9 (the "Limit"). All funds must be loaded in AED. Please see the Website for details on your options to load funds.

2.4 Moving overseas

You shall notify us in case you move outside of United Arab Emirates. In such case you may not be able to load funds or reload funds into your Account. If you have an Available Balance, you will still be able to use your Account to transact in accordance with these Terms and Conditions until the expiry date on your applicable Card or until your Available Balance is fully utilised, whichever is sooner.

2.5 Other information

Your Account is not like a credit card and your ability to use your Account to perform transactions is limited to the Available Balance and any other limits referred to in these Terms and Conditions. There is no profit payable to you on the Available Balance of your Account.

3. Introduction to Multi Currency Wallets

3.1 Multiple Currency Wallets on your Account

AED is your mandatory Home Wallet. You can select all of the other Currency Wallets to add to your Account based on your international travel needs.

The exchange rate that will be applied when funds are transferred between your Currency Wallets is the Conversion Rate. Your Account Centre, will display a quote of the Conversion Rate on offer and the total value of foreign currency that you may purchase. If you accept the quote, we will transfer the funds between your Currency Wallets immediately in line with the currency values agreed by the accepted quote.

3.2 Currency Order

When there is more than one Currency Wallet on your Account, a Currency Order will apply. This Currency Order is important for some transactions; for further details on this, please see clause 5.4 "About Currency Transactions" section. The Currency Order is set by you, by selecting your order preference at your Account Centre, or by contacting Customer Services.

3.3 PIN Set Up

Upon activation, you are required to set a four (4) digit payment PIN for your Card. You can do this when you activate your Card or at the Website when setting up your Account Centre.

Once your payment PIN is set for your Card, and funds are loaded, you can use your Card to access the funds on your Account at ATMs or merchants wherever VISA prepaid cards are accepted.

If applicable, Mobile Services may require that you set a different PIN for Mobile Services, which you can use to authorise transactions via your Registered Mobile Device.

Your selected PIN must be designed by you and will not be shared or stored with us. To reduce the chance of anybody guessing the numbers you have chosen, you are advised to avoid unsuitable PINs such as:

- › Birth dates, months or years in any form or combination;
- › Sequential numbers (such as 3456) and easily identifiable number combinations (such as 1111);
- › Any of the blocks of numbers on your Card; and
- › Other easily accessible personal data such as parts of personal telephone numbers or driving's licence or other numbers easily connected with you.

If you believe that anyone has gained unauthorised access to any of your PINs, you should contact Customer Services immediately and follow the other procedures set out in the Unauthorized Transactions section below, to limit your liability for unauthorised transactions.

4. Using your Account

4.1 Where you can use your Account

You should treat your Card with the same care as you would treat cash. Account value lost due to a lost or stolen Card and/or PIN may not be reimbursed in full or in part.

YOU SHOULD SIGN YOUR CARD IMMEDIATELY UPON RECEIPT AND BEFORE USE.

Only you, the cardholder, is authorised to use your Account. You are responsible for the use of your Account according to these Terms and Conditions.

You can use your Card to access your Account to buy goods and services from merchants displaying the VISA sign. This includes purchases by mail order, telephone order and over the internet. However, some merchants or financial institutions may not accept payment via your Account. We are not liable in such cases. You can also use your Card to access funds on your Account at any ATM displaying the VISA sign.

When using your Card to access your Account at EFTPOS Terminals and at ATMs, select the 'credit' option and not the 'cheque' or 'savings' options. You will then be required to enter your payment PIN or sign a voucher to authorise and complete the transaction.

If your Available Balance is not adequate to cover the transaction amount, you may request the merchant to charge a part of the transaction to your Account and pay the remaining amount with cash or another form of payment (a split transaction). Some merchants do not allow split transactions.

If you use your Account without presenting your Card, and the transaction is approved, the resulting account balance will be the same as if you had presented your Card.

Your Account will be debited immediately with the amount of each cash withdrawal or purchase, plus any applicable fee and any other amount that we may deduct from your Account under these Terms and Conditions. The Available Balance on your Account will be reduced accordingly.

4.2 Fees and Charges

Account fees and charges apply to certain transactions, enquiries and services. All fees and charges that we charge relating to the use of your Account are listed below at clause 5.9 and are detailed in the Account Fee Schedule below and available on the Website. All fees and charges (unless otherwise specified) will be deducted from your Available Balance.

The Account fees and charges as listed will be deducted from your Home Wallet in the first instance. The exception to this rule is the international ATM withdrawal fee, which will be deducted, as set out below:

- › If the international ATM withdrawal is conducted in a Supported Currency, the international ATM withdrawal fee will be deducted from that Supported Currency Wallet.
- › If the international ATM withdrawal is conducted in an Unsupported Currency, the AED international ATM withdrawal fee amount will be deducted from your Home Wallet.
- › If there are insufficient funds in the Currency Wallet that the fee is being deducted from, then an Auto Wallet Transfer will occur. You can refer to condition 5.4 of “About Currency Transactions” section below for further details on Auto Wallet Transfers.

In respect of the fee for Card Inactivity (Clause 5.9 Account Fee Schedule), if there are insufficient funds in your Home Wallet to deduct the monthly account fee, an Auto Wallet Transfer will occur. You can refer to condition 5.4 “About Currency Transactions” section below for further details on Auto Wallet Transfers. The Monthly Inactivity Fee will be assessed on a monthly basis, after twelve (12) consecutive months of Card and Account inactivity.

All other Account fees will be deducted from the Home Wallet (unless otherwise specified) and if there are insufficient funds in your Home Wallet to deduct the applicable fee, the transaction may be declined. If the transaction is not declined, the applicable fee will be deducted by means of an Auto Wallet Transfer.

In addition to our ATM fees, some ATM operators may also charge an ATM fee. If you make an ATM withdrawal, that ATM operator’s fee will be added to the total transaction value and be deducted from your Available Balance. If the ATM operator’s fee does not relate to an ATM withdrawal, the fee will be deducted separately from your Available Balance. Refer to the Supported Currency or Unsupported Currency sections to determine from which of your Currency Wallets such fee will be deducted. You are advised to take note that NOT all ATM operators advise you of their fee before you withdraw money from their ATM. You may refer to clause 5.4 (a) and (b) below on the Supported Currency and Unsupported Currency Transactions sections for further information relating to ATM transactions, fees and operators.

4.3 Emergency Cash

In an emergency situation, such as if your Card has been lost, stolen or damaged while you are travelling, you can request an emergency cash transfer by contacting Customer Services.

There may be a maximum amount you can request on a daily basis.

Depending on where you are, we will endeavor to arrange an emergency cash transfer through our preferred global money transfer agent. We will only be able to do this subject to the following:

- you allow us to verify your identity; and
- you must attend an office of our preferred global money transfer agent and tell us in advance the country and the city of the office you attend; and
- you tell us the currency in which you would like the emergency cash transfer to be provided.

If we can arrange an emergency cash transfer:

- a fee as specified in Account Fee Schedule of clause 5.9 of these Terms and Conditions applies; and
- the amount of the fee will be charged separately from the amount that you have requested to be transferred; and
- the combined total amount of the emergency cash transfer and the fee amount cannot exceed your Available Balance; and
- you will need to attend the office of our preferred global money transfer agent that you nominated when requesting the emergency cash transfer to collect the cash.

When attending to collect the cash, you will need to satisfy our preferred global money transfer agent of your identity according to their identification procedures.

There is no warranty that an emergency cash transfer will always be available. Please note that if we can arrange an emergency cash transfer, we do not have control over the time that it will take for the cash to be available to you and therefore we shall not be responsible for any delays.

5. Managing your Account

5.1 Balance enquiries

You can check your balance of any Currency Wallet by logging on to your Account Centre, visiting an Alfardan Exchange location or by calling Customer Services, as set forth below. You can also check your balance through an ATM (fees may apply). Where you have more than one Currency Wallet on your Account, an ATM balance enquiry will show the combined Available Balance of all your Currency Wallets in the local currency of the ATM. Some ATM operators may also charge a separate fee for ATM balance enquiries, which will be deducted from your Available Balance. You may refer to clause 5.4 (a) and (b) below on the Supported Currency and Unsupported Currency sections to determine which of your Currency Wallets such fee will be deducted from.

Your Account can only be used if it has a positive Available Balance. If you make or attempt to make any transactions that exceed your Available Balance on your Account, then you will be liable to us for any Negative Balance plus any applicable fees, along with any costs incurred in recovering or attempting to recover from you the amount you owe. If a Negative Balance arises, that does not mean that a Negative Balance will be allowed to arise or be increased on subsequent occasions.

5.2 How to protect your Card, PIN and password

Your Account is for your sole use and may only be used once the Card has been activated. You are responsible for keeping your PIN and password secure. In particular you must:

- › not keep a written record of your PIN or password;
- › not allow another person to see your PIN or password when you enter these;
- › not keep your PIN or password in a form that can be readily identified as PIN or a password;
- › not disclose your PIN or password to any other person (including persons in apparent authority, family members or spouse);
- › not carry your PIN or password with your Card or store them in your mobile phone.

Password

You must set a password to be able to log into your Account Centre. Using your Card, go to the Website and set up your access to the Account Centre. You must protect your password and not disclose it to any person or record it anywhere and ensure the password you choose is not obvious or easily guessed (for example, do not use your date of birth, any part of your name, family, pet or street names). We may also need you to provide additional information to authenticate you when logging into your Account Centre. If you forget your password or believe it may have been compromised, you should contact Customer Services. You may reset your password at the Website at any time you wish.

5.3 Transferring funds between Currency Wallets

You can transfer funds loaded on your Account from one Currency Wallet to another Currency Wallet by accessing your Account Centre. Funds transferred between Currency Wallets will be converted at the Conversion Rate.

5.4 About currency transactions

a) Supported Currency Transactions:

When withdrawing money from an ATM, making a purchase or where an ATM operator charges a fee, in each case in a Supported Currency that you have loaded on your Account, the transaction including any fees payable, will be deducted from that Currency Wallet.

If the currency is a Supported Currency, but you do not have that Currency Wallet loaded, or if you have insufficient funds in that Currency Wallet, your Account will take the funds from the first or next Currency Wallet you have nominated in your Currency Order.

Your Account will move through the Currency Wallets in your Currency Order until the transaction value is met. The full transaction amount may be funded from multiple Currency Wallets available on your Account. Each time funds are transferred from one Currency Wallet to another, an Auto Wallet Transfer will occur and the exchange rate used will be the Conversion Rate.

b) Unsupported Currency Transactions:

If withdrawing funds from an ATM, making a purchase or where an ATM operator charges a fee, in each case in an Unsupported Currency, your Account will first deduct funds from your Home Wallet. The amount will be converted at the VISA Conversion Rate. If your Home Wallet has no funds, or insufficient funds, then the funds will be deducted from the first or next Currency Wallet in your Currency Order, triggering an Auto Wallet Transfer to your Home Wallet. The Auto Wallet Transfer will occur at the Conversion Rate. The full transaction amount may be funded from multiple Currency Wallets available on your Account. Once there are sufficient funds in your Home Wallet to pay for the transaction the Unsupported Currency in which the transaction occurred will be converted at the VISA Conversion Rate and the funds deducted.

A currency conversion fee will apply to Unsupported Currency transactions as set out in Account Fee Schedule available at the Website.

c) Dynamic Currency Conversion

Some ATM operators and merchants may offer you the ability to complete a transaction in a currency other than the country's local currency. This is called dynamic currency conversion. In this situation, the merchant or ATM operator is applying a foreign exchange margin to the applicable conversion rate that would apply to convert the transaction currency into another currency. This will add cost to your transaction.

If you are withdrawing funds from an ATM that dispenses a currency other than that of the country where the ATM is located, the ATM operator may convert the amount being withdrawn into the local currency before converting it back to the currency being dispensed. This may occur even when the currency being dispensed is the same as that of one of your Currency Wallets. As a result, the amount debited to your Account may be greater than the amount which is dispensed by the ATM. Not all ATM operators advise of the amount to be debited to your Account before you withdraw funds from their ATM.

d) Insufficient Funds

Where the aggregate funds in all your Account's Currency Wallets are insufficient to process a transaction, the transaction will be declined.

5.5 Errors and transaction disputes

You should retain all vouchers and transaction records received from merchants and electronic equipment. You should check all details and entries by reviewing your transaction records on a regular basis:

- › by viewing at your Account Centre,
- › over the phone, using your Registered Mobile Device, or
- › by calling Customer Services.

There may be fees payable for reviewing transactions using Mobile Services. You are advised to refer to the Account Fee Schedule set forth in condition 5.9 below for further details.

You cannot stop a payment on any transaction after it has been completed. A merchant must issue a valid refund voucher to make a refund to you. We can only credit your Account with the refund when we receive the voucher from the merchant's bank.

Refer to the Unauthorized Transactions section below if you have a transaction on your transaction record that is unauthorised (rather than what appears to be an error or dispute with a merchant or electronic equipment).

Steps to resolve an error or transaction dispute:

You should always first communicate directly with the merchant to resolve a dispute. If it cannot be resolved, you should contact us to report it via Customer Services or through your Account Centre within 30 days of the disputed transaction. Proof of the purchase transaction and a written summary of relevant information may be required.

The date appearing on your transaction record may not be the transaction date recorded by us, as transactions may be completed and posted to your Account on a different day

If you wish to lodge a transaction dispute, please download a [Dispute Form](#) from the Account Centre and submit it to us via email at disputes@travelezplus.zendesk.com. You are required to provide as much information about such disputed transaction as you can. Once we have received your completed Dispute Form, we will investigate such transaction on your behalf. We will acknowledge receipt of your Dispute Form in writing within ten (10) business days.

Provided that you have complied with our reasonable request for information, we will correct the error if it is our fault or the fault of our services providers. If on reasonable grounds we decide it is not our fault, we will notify you in writing as soon as such decision is made.

Unless there are exceptional circumstances, in which case we will write to you to let you know, we will complete most transaction investigations within forty five (45) days of acknowledging the receipt of the Dispute Form.

5.6 Refunds or reversals

Refunds or reversals, whether directly from a merchant or in the form of a disputed transaction that was transacted in a Supported Currency, will be returned in that Supported Currency in the same amount and credited to that Currency Wallet on your Account. If at the time of refund or reversal, you no longer have the applicable Currency Wallet and you already have the maximum number of Currency Wallets, we will return the equivalent amount to your Home Wallet using the Conversion Rate applicable at the time of refund or reversal.

Refunds or reversals of an amount that was transacted in an Unsupported Currency will be converted at the applicable VISA Conversion Rate and returned to your Home Wallet. We will also refund any currency conversion fee charged on your original transaction, and we will not charge another currency conversion fee on the refunded amount. Note that amounts returned for Unsupported Currencies and currency conversion fees may differ from the amount

deducted from your Account at the time of the original transaction due to exchange rate fluctuations.

5.7 Security at ATMs

When using your Account at ATMs, you should always take security precautions. Observe your surroundings before conducting the transactions and do not allow another person to see your PIN when you enter it or if it is displayed. Always take your ATM voucher, which is stamped with your transaction, and you should always check your ATM vouchers against your transaction record displayed at your Account Centre.

5.8 Limitations on use of your Account

Accounts cannot be used for:

- a) purchases from merchants where the transaction is processed manually (through a zip-zap machine);
- b) direct debit, recurring or instalment payments;
- c) purchases from merchants who do not accept prepaid VISA branded cards; or
- d) transactions in countries prohibited by us, which are North Sudan, Iran, Cuba, Syria, North Korea and any country with US Government sanctions and laws.

The following limitations apply to the Account:

- › When using your Account with some merchants (such as hotels and car rentals), 'tolerance limits' may apply. This means that the merchant may obtain an authorisation or approval on your Account for an amount up to 20% more than the anticipated total bill, to cover additional items such as incidentals or to ensure adequate funds are available. The entire amount of the authorisation or approval (including the tolerance limit) will be deducted and will not form part of your Available Balance until the authorisation or approval is confirmed. Only the amount actually spent or authorised will be finally deducted from your Available Balance after the authorisation or approval is confirmed.

- f) you no longer reside in the United Arab Emirates.

In any event we may close your Account for any reason other than the above by giving you at least thirty (30) days' prior notice.
